NATIONAL INSTITUTES OF HEALTH WARREN GRANT MAGNUSON CLINCAL CENTER NURSING & PATIENT CARE SERVICES

POLICY: Nursing Care Delivered Outside the Clinical Center

A nurse must seek prior approval for any aspect of follow-up, crisis or clinical care of a patient/family member, or for collection of research specimens that require the nurse to perform nursing care outside of the Clinical Center. The Nurse Manager should submit a request to the Service Chief stating the purpose and rational for the request. The Service Chief obtains approval from the Chief, Nursing and Patient Care Services.

PURPOSE: To outline the steps staff must follow before providing any aspect of care outside of the Clinical Center.
